Nature Of Opinion

Docket Number: W-02518A-16-0410

ALTHOUGH THIS IS A REQUEST FOR INTERVENTION, IT WAS DETERMINED CUSTOMER WANTS ONLY TO FILE HIS COMMENTS FOR THE RECORD IN DOCKET NO. W-02518A-16-0410

Arizona Corporation Commission

DOCKETED

DEC 12 2016

December

Arizona Corporation Commission DEC 08 2016

ARIZONA CORP COMMISSION .

ciilit,IES Division- DIRECTOR'S OFFICE

Ref: Docket Number W-02518A-16-0410

RECEIVED
AZ CORP COMMISSION
DOCKET CONTROL
2016 DEC 12 A 11:28

We would like to intervene in the above Docket Number for the following reasons;

1. It is hard to imagine that there are 230,000 gallons of water per month that is being lost in our system. That amount would be close to 1000 gallons of water per day per residence in our subdivision. Surely someone would notice leakage some- where.
2. We understand that there is seventy percent approval for this project amongst the residents of our subdivision. We would like to see proof of the results of the balloting. I have yet to talk to one person in favor of this project.

**Arizona Corporation Commission
Utilities Complaint Form**

3. Many of the residents of our subdivision are on a limited fixed income and simply can't afford this additional expense. Also, in addition to the expense of a new water system, additional expense will be incurred when the streets have to be re-surfaced.

We would like to see the above request denied until the Board of Directors can present a more complete picture of what the total cost of both projects will ultimately cost each resident of our subdivision. Also, a time frame should be presented showing the beginning and ending dates of both projects along with projected amounts of time that the residents will be without water or access to their homes. Once these results are available, they should be presented to each homeowner for a final vote.

We sincerely appreciate the commission's consideration.

Sincerely,

Investigation

called the number listed for Robert Kelly and reached the president of the company, Michael Glover. He will look up customer information and get back with me.

At this time I will contact customer to provide her with the information necessary to file as an intervener.
